Current students: Your C-Port login is the same username and password that you use for your Concordia e-mail. If you are having difficulty signing in, call the Solution Center at 299-3375.

Finding what you need in C-Port

C-Port navigates much like any other Web page – browse the tabs and links on each page. One link you'll frequently use is Banner at the top left of your C-Port home page. The Banner link will take you to all of your Financial Aid Office, Registrar Office and Business Office information. Once in Banner, select the Student tab for your personal information at Concordia such as registering, grades/transcripts/account balances, etc.

Customizing your C-Port

Make C-Port your own by adding C-Port channels to your tabs. Add channels for your classes, student organizations and other interests. It's the easiest way to keep up to date on things that interest you at Concordia. You can also create your own channels with RSS.

*Using the Award for Aid Year page

You'll likely use this page often as it provides:

- **Award overview:** View your current housing status and expected enrollment status as reported on the FAFSA, cumulative loan information as of the date listed, and a list of the aid you were awarded. The cumulative loan information only includes federal loans, not state or private loan funds.
- **Resources and additional information:** Review and report your outside aid, including scholarships and veteran benefits.
- **Accept award offer:** View all of your awarded aid and accept or decline the amounts offered to you. Your scholarships and grants are accepted automatically, but in order to receive loan funds, you must select the amount you want of each. Review each loan carefully. If you accept an amount that you decide you no longer want, contact the Financial Aid Office.
- **Special messages:** Receive messages pertaining to your award package.
